Pratiksha Jadhav

Full Stack Developer

Pune, Maharashtra | +91 77450 58607 | pratikshajadhav2401@gmail.com | LinkedIn | Github

CAREER OBJECTIVE

Detail-oriented Full Stack Developer with 1+ years of professional hands-on experience designing, building, and deploying robust web applications. Proficient in crafting dynamic frontends using React.js and Tailwind CSS, coupled with scalable backend development using Python Django and REST APIs. Demonstrated success in delivering real-time business modules, optimizing database performance, and collaborating across workflows using Git and Postman. Highly motivated to contribute immediate value to a fast-paced development team

TECHNICAL SKILLS

- **Frontend**: React.js (Hooks, Context API, Component Lifecycle), React Router, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap 5
- **Backend & APIs** : Python Django, RESTful API Design & Integration, CRUD Operations
- **Databases**: MongoDB, MySQL, SQL
- **Tools & Methodologies** : Git, GitHub, Postman (API Testing), Swagger (API Documentation), VS Code, Agile/Scrum
- **Exposure**: Core Java, Node Js

WORK EXPERIENCE

Full Stack Developer | TechB Softwares LLP, Pune **Jan 2026 - June 2026**

- Engineered core modules for "SolarOps Invoicing Portal" a real-time web application, utilizing React.js for modern state management and a Python backend for business logic.
- Designed and implemented efficient REST APIs following clean architecture principles, handling secure, high-frequency data transmission between the UI and the database layer.
- Developed complex CRUD functionalities for various financial and business modules, drastically reducing processing latency for invoice generation.
- Accelerated UI development cycles by utilizing Tailwind CSS to build highly responsive, mobile-first layouts across complex application views.
- Conducted comprehensive end-to-end API testing using Postman, proactively eliminating bugs prior to staging deployments.
- Managed codebase integrity and deployment workflows utilizing Git and GitHub for seamless team-wide collaboration

React JS Developer | CodeInfinity Solutions Pvt Ltd, Sangli **Oct 2024- Oct 2025**

- Built dynamic, responsive user interfaces from scratch using **React.js**, **JavaScript,** and **CSS3**, ensuring seamless compatibility across multi-device platforms.
- Componentized UI layouts into modular, reusable **React functional components**
- Integrated frontend components with third-party backend **REST APIs**, validating data payloads and response structure via **Postman**.
- Utilized Git branches to manage feature additions, participating in code reviews to ensure alignment with standard style guides.

PERSONAL PROJECTS

Sweet Crust Bakery – Responsive E-Commerce Frontend | Tech: React.js, Tailwind CSS, ES6+

- Designed and developed a fully responsive, modern e-commerce user interface for a boutique bakery.

Dental Clinic Website | Tech: HTML5, CSS3, JavaScript, Bootstrap

- Formulated a highly interactive, responsive landing page for a dental clinic to capture patient inquiries effectively.

EDUCATION

Master of Computer Applications (MCA) | Graduation Year: 2024 | Score: 75%

Bachelor of Computer Science (BCS) Graduation Year: 2022 | Score: 78%
